Testimonial

Angel Topno

“

My name is Angel Topno, and I'm a student at Creative Edge. I'm thrilled to share that I secured the All India 2nd rank (ST) in NID M.Des. Apparel Design. Joining Creative Edge in November was a turning point for me. Before that, I lacked clarity, but under the guidance of an excellent team of teachers and mentors, I successfully navigated through every level of the NID exam.

My journey at Creative Edge has been incredibly valuable and enriching. Each session was filled with invaluable insights, and it wasn't just the formal classes that educated me. Even the short educational videos on Instagram proved to be immensely helpful.

Thank you to everyone at Creative Edge for their support and guidance throughout my preparation journey. I couldn't have achieved this without you. ”

AYUSHMAN PANIKA

“

Being part of CE was the best decision in my life. The faculties are just awesome and they support us not only academically but personally also. Their guidance and motivation is in just another level. Here in Creative Edge students are being taught to be a good designer and not just to qualify the exam. And with the help of great faculty and good company of friends I made it to clear all three exams with good rank.

Thankyou so much CE ”

Asmi Agnihotri

“

I am Asmi Agnihotri, and I have secured AIR 45 in the NID B.Des entrance exam 2024, with the help of Creative Edge. The coaching provided was exceptional, with personalized guidance and a focused curriculum that honed my skills and boosted my confidence. The faculty, may it be for aptitude, drawing or design, always cleared all my doubts and queries and motivated me in this journey.

The faculty's expertise and dedication made all the difference in my preparation. Creative Edge truly paved the way to this achievement! ”

“ I am Chhavi Sanjana, and I recently secured All India Rank 69 in the NIFT 2024 B.F.Tech entrance exam. This achievement is a dream come true for me, and I owe a significant part of this success to the exceptional guidance and support I received from my mentors and my parents .Apart from everyday classes and self study. The regular mock tests and the doubt-clearing sessions helped me a lot in achieving this Rank.Thank you, Toprankers for being a pivotal part of my success story! ”

Chhavi Sanjana

“ I Joined creative edge for nift entrance exam coaching.They helped me a lot to improve especially the materials they provided were very useful.I had really bad drawing skills and was very concerned about my exam but their classes helped a lot.Especially their drawing classes were very understandable. They gave tricks and easy techniques .Even for the situation test they provided many practice questions so we can have an idea on how that test is going to be. Thank you creative edge a lot. ”

**Tanguturri
Ragavarshini**

“ I joined Creative Edge online program in 2023 as an architecture aspirant and I would like to wholeheartedly thank the team here. Their content is spot on which helped me a lot to ace in my exam. The teachers are immensely supportive and inspiring. They even provide mock tests and PYQ sessions along with PDFs of relevant and important material and hardcopy of modules so it's a complete package hence you probably won't need any other material. It will really help you improve your marks and score above your potential. ”

Alafiya Crokerywala

“ I joined Creative Edge in 2024 for Nift entrance exam and I'm really satisfied the classes sections.I approached the creative edge through Instagram.The trainers are highly talented and very attached to us.I highly recommended to everyone to get this experience.And thanks to creative edge giving a best training. ”

Sreeshma Ajith

Tanzila Maham

“ I had enrolled in online self learning NIFT/CEED PG material in Oct-23 and with just 4 months preparation I gave my NIFT-24 M.Des securing AIR-19. Being from a computer engineering background and with limited resources on the syllabus of these exams, Creating Edge has helped me a lot in providing a clear scenario of time management, question pattern, marks distribution, etc. Their study materials are literally enough for cracking design exams alongwith our equal hardwork and dedication. Mock tests made me realise my areas of strength, which questions to solve and how to manage time while giving GAT. Thank you to all the faculty for helping me move a step ahead in my design career.”

Mradula Tyade

“ Creative Edge is a great platform to prep up for design exams. I had joined the self-learning batch which had pre-recorded videos and daily updates of current affairs, PYQs, sample papers, physical books and concept-based PDFs. The tutors were very helpful and explained things with clarity and experience. The assignments established interaction between the teachers and the students learning online who were benefitted by their valuable feedback. Thanks to the supportive foundation of Creative Edge I secured and AIR of 1025 in NIFT.”

Neha M Noushad

“ I was an online student of Creative Edge JEE Barch + NATA 24 Days Masterclass. I had only a month to prepare after my grade 12 CBSE exam and the materials and classes provided by them were very useful and I was able to score 99.16 percentile in JEE B.arch and 173 in NATA after their coaching. I am very happy with my result and would like to thank the entire faculty for their support. However, I am a Keralite, studied in Dubai, and did not have any knowledge of the Hindi language therefore it was difficult for me to understand the lectures thoroughly. I would like to suggest a more bilingual class (English and Hindi) so that even students like me could feel more included, as the resources provided by the centre are very helpful for the short term preparation. Thank you, Creative Edge,”

“

Creative Edge helped me understand the strategies that are applied in design competitive exams and through multiple tests conducted by them I learned how to execute those as well. Rajendra Sir helped me in applying proper concepts in whatever I'm drawing, and even though we studied online he always made sure that subject like drawing is made easy for us to understand.”

Samruddhi Soni

“

It has been a pleasure studying at creative edge with Rajendra sir and his team. They were always there to guide me with all the studying part as well as college guidance. I'm happy to say that at design ifaaa I had a wonderful experience to explore within the field of design and choose the best which fits for me. Specially I would like to thank Rajendra Sir for being a great teacher as well as an inspiration to work.”

Jagrati kaul

“

I am Disha Jain, year long student from creative edge, prepared for NIFT Mdes and scored AIR 8. A big thanks to Rajendra sir and Deependra sir and his team for always helping and guiding me in my career.”

Disha Jain

“

Hey !! I am Sweksha Singh and I got the CMR 4805 all over India and the Category rank 239 . I am sooo sooo glad and felling blessed that I had joined the CREATIVE EDGE COACHING CLASS . I've learned a lot something new everyday from them . Their supportive teachers and mock test , live daily classes .. all help me to reached that rank . Thank You so much CREATIVE EDGE !??? They guide me sooo well in the right direction and kept me motivated ????? . I am supppperrrrr excited to get into the NIFT campus. THANK YOU A LOTT TTTT #CREATIVE EDGE ”

Sweksha Singh

Pooja Soni

“ A big thank u to all the team of Creative Edge Online Design preparation classes came out to be very helpful, i have cleared nift with all india rank 1082. Faculty, doubt clearance session and one on one interaction is the best. All faculty and my mentors helped me a lot. I attended NIFT studio test at there offline campus indore which turned out to be best. Thanku all ”

Raghav Gangrade

“ My experience with creative edge was the best experience. The faculty members are very cooperative and supportive. Learning with Rajendra Bhatia sir is one of the best thing in creative edge. The kind of experience he has for design helps a lot ”

Pranvi Agarrwal

“ I joined creative edge after it's name popped in the top of design coaching. It was really helpful in solving some questions and improving drawing skills. I had joined for UCEED crash course and it was really nice. ”

Soumya Sharma

“ I loved the experience here with a great staff and the best teacher's to teach and make us revise evrything ? i surely recommend people to take their coaching and uh gonna surely score well. In a less time i was comfortable with the teachers and made my each and every concept clear in which I had doubts.? Thankyou Creative Edge ”

“

I am a student of Creative Edge 1-year program. I scored 154 marks in NATA 2022 and secured AIR 25 in JEE B.Arch 2022 in General category and topped the exam in Madhya Pradesh. After joining Creative Edge, my Imagination, Creativity and Problem solving skills got enhanced drastically. No doubt the credit goes to all the brilliant teachers, who worked day and night for the betterment of the students. Rajendra sir made topics like Scene Creation, Human Anatomy, and Portrait seem easy by using his experience-based techniques. Konark sir and Sonali mam ensured in every phase, that the students don't face any issues regarding resources. Deependra sir kept inspiring us with his wit and proverbs while Shubham sir incorporated Fun with Teaching which cheered up everybody's mood. Mayank sir, Deepika mam and Kalpana mam were always ready to help so that the students could resolve their drawing related queries anytime they wanted. And Aditya sir and Prachi mam always kept the interface in check so that the classes could run smoothly without any problems. It was the hard work and the dedication of the teachers and the students, that altogether made a difference!

”

Taher Belgaumwala

“

Myself Kanika Baheti. I got 99.3 percentile in JEE.BARCH with AIR- 341. It wouldn't be possible without Creative Edge. All the notes, videos, and study materials were very helpful for the preparation. I am extremely thankful to all the faculties of creative edge who taught me, motivated me, encouraged me, and helped me to bring out the best version of myself. I am very grateful to be a student of creative edge. Thank you in creative edge for everything.

”

Kanika Baheti

“

I am an online student of Creative Edge Design classes since last year. I score NIFT All India rank 471 and would like to thank all the team and support members. You will be amazed how online classes can be so effective. If you are planning for Design preparation, do prefer them. Rajendra sir, Deependra sir, Sonali mam and my counselor Vaishali mam helped me a lot at my every query. Thank you so much
