NID STUDIO TEST 2025 QUESTIONS

NID Studio Test 2025 Question Paper

NID Studio Test Previous Year Questions provide valuable insights into the types of creative and problem-solving tasks asked in the exam. They help candidates understand the structure, expectations, and difficulty level of the studio test.

Regular practice with these questions enhances time management, material handling, and visual communication skills. Overall, NID Studio Test Previous Year Questions are essential for effective preparation and improved performance. Below are some of the Previous NID Studio Test Questions:

NID studio test questions asked in 2025:

As reported by CreativEdge students who attempted the test, the difficulty level of questions was easy to moderate.

- **Section 1: AV Round (60 mins)**

Part 1: A video was displayed about some workers in a quarry, depicting their slow walk and hardwork along with background music and some elements of nature which can be related to these workers such as a volcano symbolising their struggle.

There were no sketching questions. Students were instead required to write on the theme of the video, a suitable title for it, and about the soundscape of the video.

Part 2: A task where lines of a poem were broken and shuffled into two columns. The candidates were asked to match the jumbled lines and sketch their interpreted meaning.

- **Section 2: Situational Analysis (45 mins)**

Question: A handicapped person has to get down the stairs and candidates were required to draw 2 set of sequences (10 frames). One from the point of view of the person and his struggles and other from the student's own point of view about what they would do to help if they see the situation happening.

- **Section 3: Material Handling or Model Making**

Question: Candidates have to make a working windmill model which should be standing without any external support and blades rotating. The model should be made by using atleast 2 of the given materials.

Materials provided:

Bamboo sticks, cloth, paper strips, jute rope/thread.
